

Your invitation to our series of

Regenerative Agriculture Workshops

About the series

Earth Trust is proud to host a 3 part series of workshops specially designed for farmers and landowners.

Learn how to apply the principles of regenerative agriculture to improve & monitor soil health on your farm for optimum crop and livestock outcomes.

This series has been made possible thanks to support from North Wessex Downs AONB. The sessions will be delivered by Niels Corfield, England's leading regenerative soil adviser.

About the Workshops

Session details

All sessions will be held at Earth Trust Centre, Little Wittenham, OX14 4QZ

- Soil Health for Famers (part 1) - Tuesday 21st March 2023, 10am-5pm
- Regenerative Grazing - Tuesday 4th April 2023, 10am-5pm
- Soil Health for Farmers (part 2) - Tuesday 2nd May, 10am-5pm

Please note: whilst it is not necessary to attend parts 1 & 2 on soil health, it is highly recommended.

Tickets are just £20 per workshop to cover food & drink for the day.
